Maths Fun – Telling the time

What you need: chalk

How to play:

Step 1: Try drawing a clock on the ground with chalk.

Step 2: Then, get your child to use their body to make the hands of the clock. They could show just the hour or minute hands by lying straight, or they could use their body to make the hour and the minute hands, with their legs (the longer part) being the minute hand and their torso (the shorter part) the hour hand. You can also use sticks to create the hands and move them around
