

LET'S MAKE A DREAMCATCHER

METHOD

1. Fold a small paper plate in half and cut out the middle by cutting out a semi-circle.
2. Unfold the plate to reveal a neat circle cut out of the plate.
3. Punch 3 holes in a row at the bottom of the circle.
This is where you can hang wool, ribbon and beads to decorate. Make sure you double knot your wool!
4. Punch more holes around the edge of the paper plate.
5. Take a piece of wool and thread it through the holes making a web. Make sure you secure the wool in place with a double knot before you start threading and then when you finish.
6. Punch a hole at the top of the plate and thread wool approx 12cm through to create a hanger.
7. Now time to decorate...use glitter, pens or crayons to make it just how you want it!

TOOLS

1. Paper plate
2. Hole puncher
3. Scissors
4. Wool
5. Glitter/Pens/Crayons
6. Beads/ribbon

DID YOU KNOW?

Dreamcatchers were first historically noted in 1929 in the Native American tribe of Ojibwe.

VEGGIES OR FRUIT?

Your Activity

1. Name all of the different foods.
2. Once you've named the different foods, decide if you think they're a vegetable or fruit using this information.

Vegetables = Roots, stems & leaves

Fruits = Contain seeds on the inside. Grown from a flower.

NAME THE STATES

Can you complete the names of the States in America by filling in the missing letters?
