Some activities will be completed altogether as a school. others will be in smaller groups. All children will do the same activities during their stay.

## RAFT BUILDING

# Bedrooms

The format of the rooms depends on the area within PGL that we are staying in, however the members of staff attending the trip will be located alongside the children's rooms. The children will be fully aware of where these rooms are located so they are able to get the members of staff if they need anything. The doors are locked from the inside with staff having master keys so accessible 24/7.

The children will be asked for some names to share a room with closer to the time. We will ensure they have at least 1 or 2 of these friends as best we can!

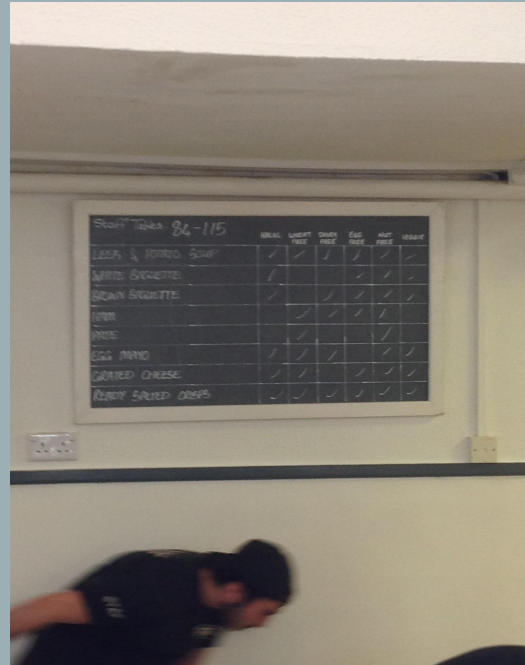

- During our stay, there will be other schools in attendance on site. Each school will be designated an area in which they will be based throughout their stay.
- Our children will not be without adult supervision from VFS staff at any point during their stay. The children either move round the site together as a school, or in their groups, which will have a member of VFS Staff with with them at all times.
- During the evening routine, VFS staff will be stationed outside of the rooms to ensure that all children are in bed and happy.

# Medical needs/ homesickness

There will be a member of staff assigned to cater for all the medical needs, whether this is allergies, daily medication or just a child feeling under the weather!

Dietary requirements and medication forms will be distributed closer to the trip.

ALLERGY BOARD!

This trip is a no electronics trip and PGL policy states that there is to be no food or drink within the childrens' rooms so please do not bring any. There is plenty of food on offer at PGL!

There is an on site shop that we will be able to access during our stay. Please only send the children with £5. There is nothing in the shop that costs more than this.
