

Useful learning websites for Year 3

All the Curriculum:

<https://www.topmarks.co.uk> – Learning Games for maths, literacy and science.

This website also provides links to other websites with information as well as links to educational games. You can select the subject and age of the child or type in a specific activity. It also tells you whether a site is tablet-friendly or not.

<http://www.crickweb.co.uk/> - This website has links for each Key stage and interactive activities to support learning. Drop down menus give a way of identifying the areas of learning (not available for EYFS)

www.bbc.co.uk/bitesize/primary - good for all subjects, games, worksheets and activities

<http://www.primaryhomeworkhelp.co.uk/> - This website contains lots of information organised into categories for research. It has pictures and text which can vary in how difficult it is to navigate and read

TOUCH TYPING

<https://www.typingclub.com> - There are activities to help improve typing skills. There are videos to explain these.

<https://www.bbc.co.uk/bitesize/topics/zf2f9j6/articles/z3c6tfr> - also has different levels to practise touch typing.

CODING

<https://scratch.mit.edu/ideas> - Scratch is a great website for coding and programming. The children from Y2 up have used it during their computing sessions. The ideas tab at the top gives access to tutorials that the children could follow to create a code

Literacy:

www.ictgames.com – Look, Cover, Write, Check – great for practising spellings and spelling rules

Spooky spellings – spelling tricky words

<https://spellingframe.co.uk/> - spelling rules for each year group with activities and games

<https://www.oxfordowl.co.uk> – Go onto website, click on ‘My Class Log in’, type in your class name: **vfswillow** and your password **VFS19** and you have access to all their books. There are lots of activities but also access to books from all reading band colours. The ebooks will read the story when clicked on but do not read continuously. There are also interactive resources for maths. Although this website is great you may need to adjust your screen to see the whole window.

Maths:

<https://www.topmarks.co.uk/maths-games/hit-the-button> This is a good activity for practising number facts. Smaller children may not understand the concept until they are shown. There are various levels and questions to support knowledge of number facts from Year 1 to Year 4.

www.ictgames.com – Bunny Battlefront – Test yourselves on your tables, then go into battle

Tables tennis – a two player battle sharing a tablet, practise your times tables whilst playing tennis

<https://trockstars.com> – Use your log in and practise your times tables, the expectation is that year 3 children know their 2,5,10 and are learning their 3,4 and 8’s.

Science:

www.nasa.gov/kidsclub - great for science

<https://sciencebob.com> - filled with science experiments
