

Year 1 Maths Whizz!

Snakes and Ladders Challenge

Your counter is on the number 9. You roll a 1 to 6 numbered dice and after two moves you land on the number 18.

Find all the different combinations you could roll.

Use your Snakes and Ladders board game (this was in your learning pack sent out on Friday 20th) to help you with this one!

Print or copy out the crossword and have a go at completing it!

Once you have done you could have a go at creating your own for an adult or older sibling.

Crossword Challenge

Write down the answers to this crossword in words.

Across

1. $7-5+2$

5. $5+2$

Down
